

New nursery now open!

Lets play, learn and grow together

Welcome to Apley Village Day Nursery information page

Our new nursery opened on Monday 4th September 2017 in the grounds of the Princess Royal Hospital Telford.

We understand how each child's learning and their experience with us is as unique and individual as they are.

We provide the children with the highest possible standard of care, our highly qualified and experienced staff recognise the importance of the wellbeing and nurture of children as they grow and develop.

Every child is able to explore, investigate, play and socially interact in a safe yet stimulating environment which meets their individual needs.

We believe in a happy relaxed environment so that your child feels at home and secure. Our approach is friendly, fun and informal creating an atmosphere conducive to healthy social interaction, sound emotional and physical development in their early years. Through close, respectful relationships our dedicated team will be committed to ensuring that you and your child receive the most enjoyable and relaxed experience at nursery.

Our opening hours 7.30am – 6pm Monday to Friday

For more information call 01952 259270 or email: info@apleyvillagedaynursery.co.uk

Ofsted Registration Number EY543919

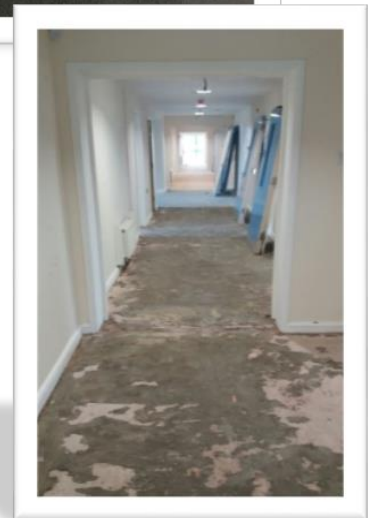

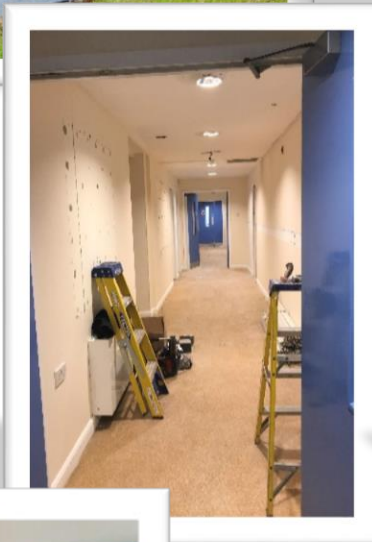

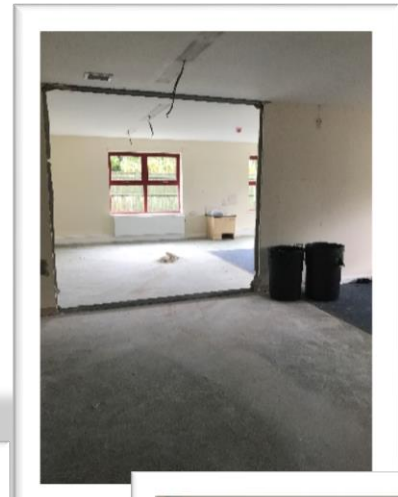

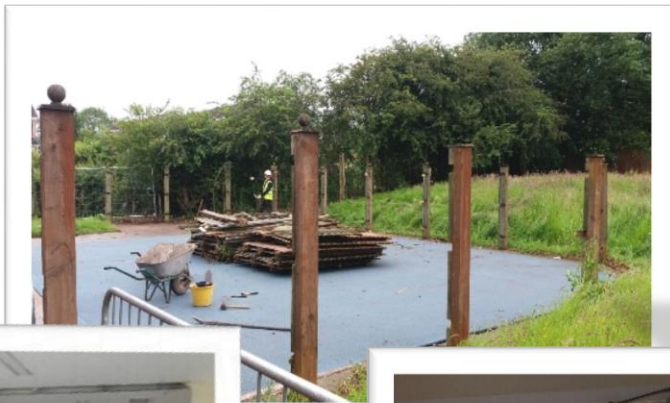

The Renovations

The building and outside areas were gutted ready for the full renovation to start. All rooms have been redesigned and refitted with new flooring, lighting and equipment.

Every room is bright, engaging and welcoming for the children, with access from each room to the garden so they can enjoy the fantastic outside space that will be created for them.

The photos show the work that has been done from start to finish.
